

BRINGING EUROPE AND THIRD COUNTRIES CLOSER  
TOGETHER THROUGH RENEWABLE ENERGIES

# Learnings from RES4LESS

*Francesco Dalla Longa, ECN  
RES4LESS project coordinator*

*BETTER Stakeholders meeting,  
Madrid, February 22<sup>nd</sup> 2013*

# Intro

- RES4LESS: reaching RES targets more cheaply through cooperation mechanisms (within EU)

*great* potential  
for lower costs

BARRIERS

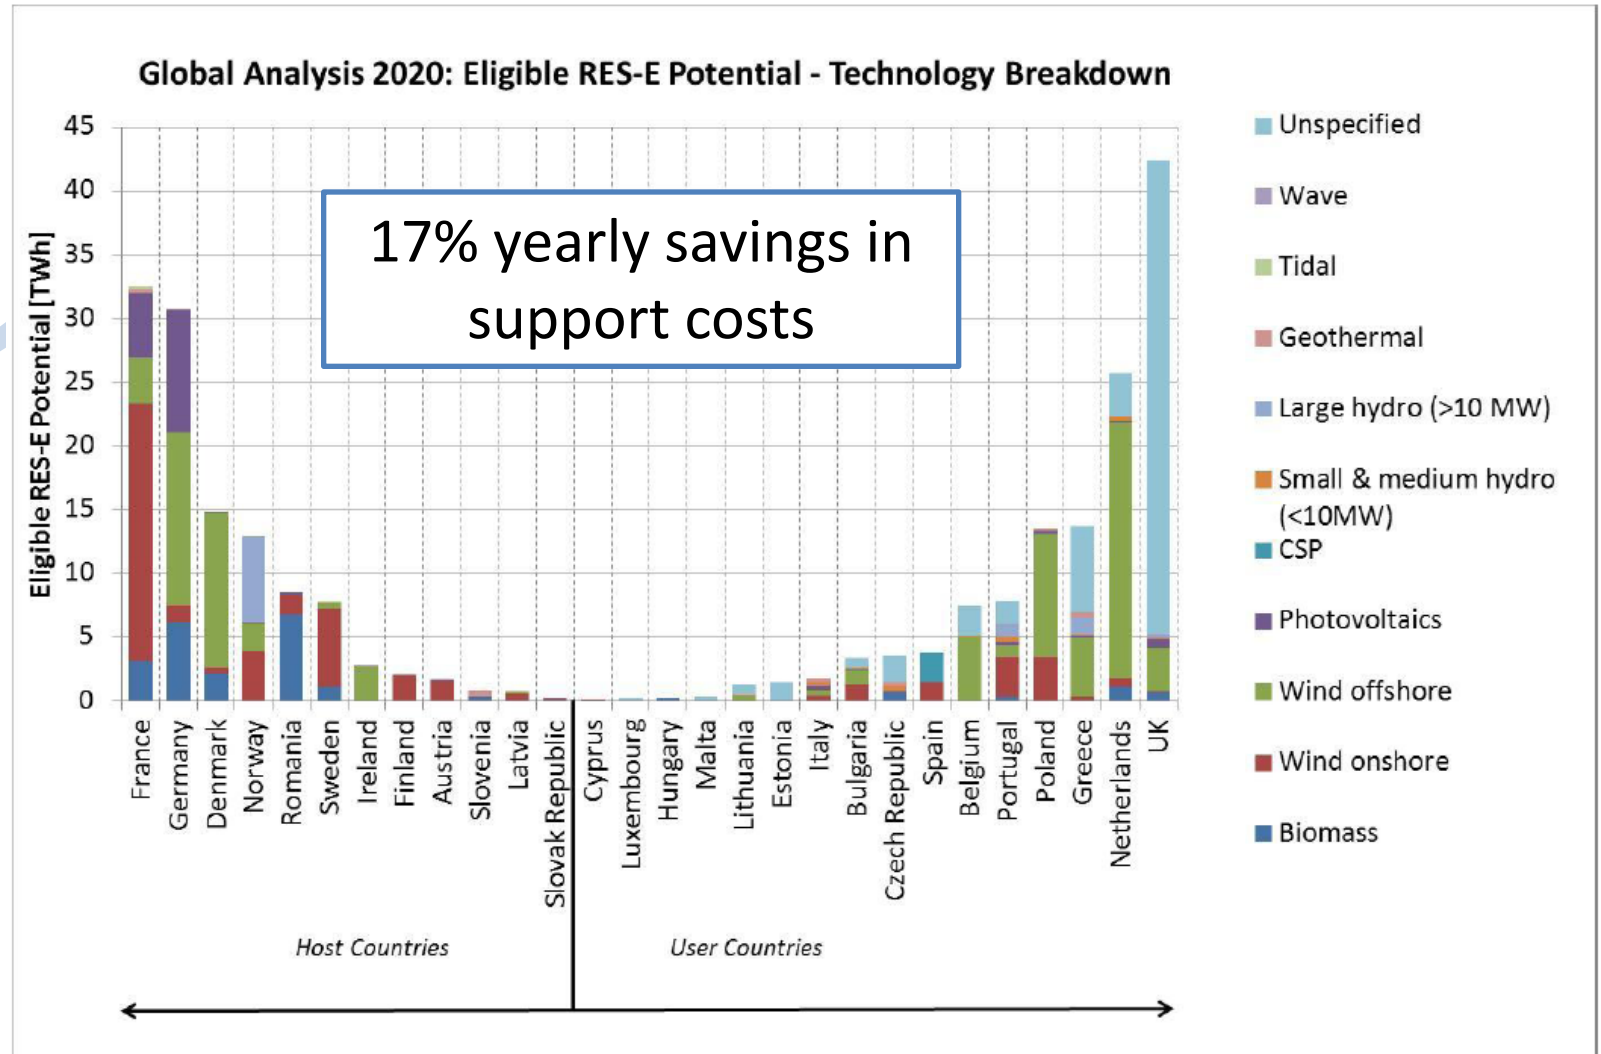

very *little* use

# Outline

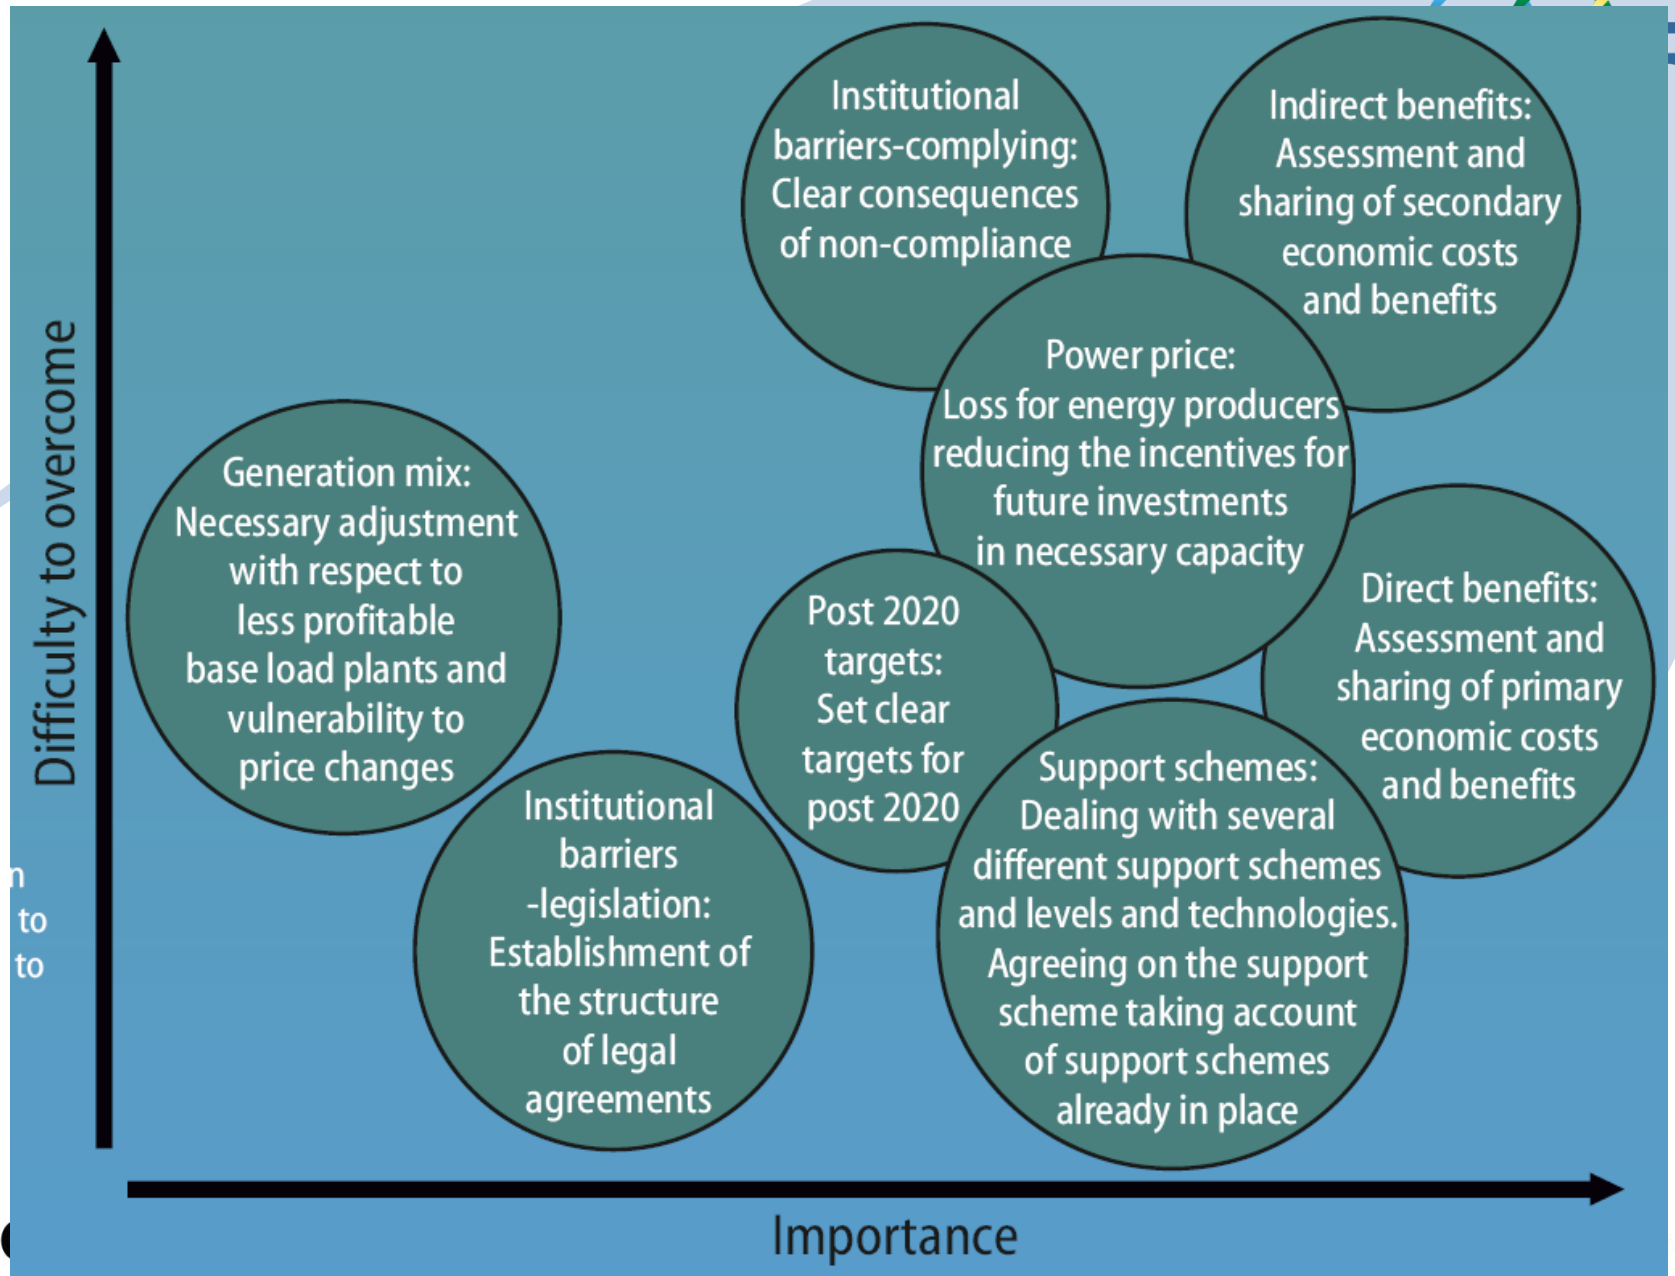

- Theoretical potential for cost savings
- Barriers
- Realistic short-term possibilities
- Conclusions

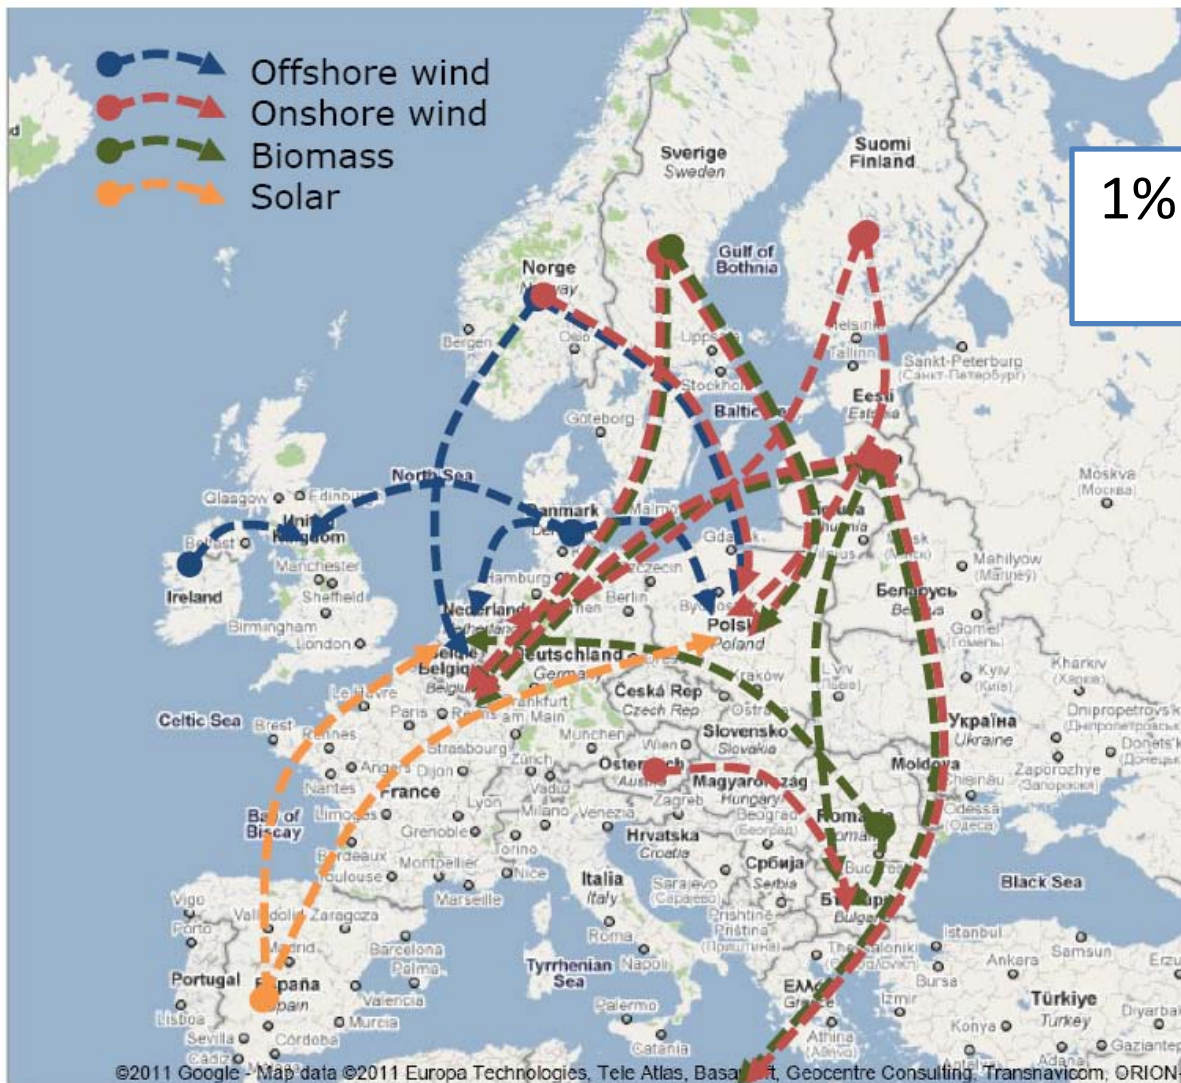

# Full cooperation scenario

# Barriers

# Twin stars scenario

1% to 5% yearly savings  
in support costs

# Conclusions

- Mind the barrier!
- Need for setting first examples
- Pragmatic and realistic projects → best chance to impact
- EU-level impact likely to be small in the short term
- Still a lot to gain for MSs and producers involved

BRINGING EUROPE AND THIRD COUNTRIES CLOSER  
TOGETHER THROUGH RENEWABLE ENERGIES

**Thank you  
for your attention!**
